Fall 2026 Newsletter

October is Breast Cancer Awareness Month. Please encourage your neighbors, family, and friends to learn more about breast cancer and screening options. Early detection and education are important, and improved treatment and early screening have been very effective. It is also critically important that we support those who have been affected by this disease. Please consider providing resources to the various national and local organizations that offer helplines, financial assistance, mentoring, and educational programs. By working together, we can make a lasting difference.

Fall 2026 is here, and the year is almost over. As we return to school and prepare for the holiday season, it is important to look back at this year with gratitude and a sense of accomplishment. During 2026, we installed a new generator and completed the expansion of our Tippins Bank Main Office Drive-Thru in Claxton, we upgraded ATMs in Glennville, Reidsville, and Claxton, and we introduced Contactless Visa Check Cards (TAP Cards) for easier payments. Also, during the year, we began renovations of our Glennville Bank Main Office, and we expect these renovations to be complete by year-end.

As we approach year-end, we are excited about our ongoing projects. We are in the final planning stages of a new branch building in Statesboro. We expect to submit the plans to contractors for bids before year-end. We are also in the process of migrating to a new account processor. This change, motivated by a desire for more personal product support, will allow us to provide improved customer service. We are excited about this change.

Regarding upcoming projects, I would like to take this opportunity to announce that we are opening a new Loan Production Office in Pembroke. We will open Bryan Bank, a Division of Glennville Bank, before year-end, and we are thrilled about the recent addition of Shelly Butler to our market leadership team. Shelly, our Bryan Bank Market President, will assist us to grow our family of hometown banks.

Criminals continue to use scams and deception to prey on our most vulnerable and unsuspecting neighbors. Our customers should monitor the activity in their accounts daily and contact us with any concerns. You can stay connected with your accounts via our mobile and online banking apps. Also, beware of callers requesting funds for the purchase of gift cards, payment of fines, or conversion of cash using bitcoin terminals. **If anyone calls you asking for your personal financial information, please hang up and call us immediately. We will not contact you and request any of your personal financial information.**

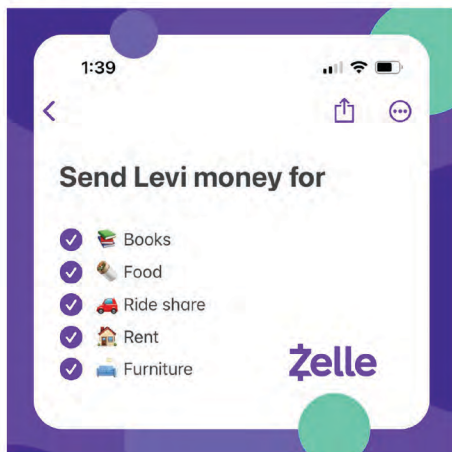

At GB Bank Group, we realize that our success would not be possible without our valued customers. We are very thankful for their support. If you are an existing customer or if you are considering a change, please feel free to give us a call. Our growing bank family is ready to assist you. You can bank on us.

Will J. Sheffield
President/CEO
